

DESCRIPTION OF ACADEMIES

Academy of Design Arts & Entertainment — Red

F Commercial Art Technology
F Graphic Animation
F TV Production

The Design Arts & Entertainment Academy represents the wave of the future. Students will be involved in multimedia activities such as live broadcasting, commercial art, and graphic animation. Hands-on experience with our state of the art equipment will prepare our students for careers in design arts and television.

Academy of Engineering — Medium Gray

F Architectural Design
F Engineering Technology

This academy presents the cutting edge of technology in the fields of engineering and architecture. Students with an interest in math and science will have the opportunity to develop and showcase their talents and abilities through these programs.

Academy of Health Science — Teal

F Medical Services (Dental Aide, Medical Assisting, Nursing Assisting, Physical Therapy and Sports Medicine)
F Veterinary Assisting

Our Health Science Academy offers a multitude of programs designed to meet the interests of any student who wants to pursue a career in medicine. Our programs are designed to fulfill the critical shortages predicted in the health services industry. State of the art equipment, school site working labs, and high level math and science, will provide the students with a well-rounded background to meet today's medical needs.

Academy of Hospitality and Tourism (AOHT) — Beige

The Academy of Hospitality & Tourism (AOHT) prepares students for hospitality and tourism careers with a focus on business marketing and management. AOHT is affiliated with the National Academy Foundation (NAF); DECA, an Association of Marketing Students; and The American Hotel and Lodging Association. The program provides training for entry-level management positions in lodging, food service, travel, tourism, and sporting/entertainment events.

Academy of Information Technology & Business Services — Royal Blue

F Computer Electronics Technology
F International Business

Our students may be eligible for the latest certification in network and computer hardware systems. Students may choose from exciting and profitable fields such as Computer Electronics Technology and International Business.
